

Sermon-based small groups connect the week to the weekend!

Dig deeper into the talk each week, while getting connected, cared for and known. Challenge yourself to see how the message actually makes sense and applies to your everyday life and do it with people just like you to support you on your journey.

Message Info: Part B or Live Right 2-20-22. We waste so much energy trying to justify ourselves so we feel better about our choices and fail to acknowledge that we aren't always right. What is easier, better, and leads to more true happiness is living right. Living the way God designed us to live and following his direction for our lives. The real question is do you believe God is good? If he is, His ways are good for us. So why not let Him be your guide. (Passages: Psalm 106:3; Galatians 6:7-10, 2 Timothy 3:16)

Discussion Questions: Take your time and dig into these questions.

What is something that you do that you find to be a waste of energy (Example: trying to find a "ripe" avocado at the grocery store)?

Do you ever see people wasting energy trying to prove themselves right when they could just live right and reap better results? What areas of life do you see this in others? In yourself?

Read Psalm 106:3 and Galatians 6:7-10. What sticks out to you about these passages? Why?

Have you witnessed a time where these verses proved true in your life? What happened?

Why do you think scripture says there is more happiness found in living rightly?

Which one of the 7 scriptural truths about living right (You aren't what you have done, what you do affects you and others, build consistency, build character, build relationships, follow God not your heart, Begin-continue-end with grace) hit you the most? Why? What area could use a little more work this week?
